

**Prof. Sridhar Kota** is the Herrick Professor of Engineering, Professor of Mechanical Engineering at the University of Michigan.

He is the founding Director of MForesight: Alliance for Manufacturing Foresight – a federally-funded national think-and-do tank focused on accelerating technological innovation to enhance U.S. manufacturing competitiveness.

Between 2009 and 2012 Prof. Kota served as the Assistant Director for Advanced Manufacturing at the White House Office of Science and Technology Policy.

He played an instrumental role in conceptualizing and championing the establishment of the National Manufacturing Innovation Institutes.

He also orchestrated implementation of the National Robotics Initiative and the National Digital Engineering and Manufacturing Initiative.
